Python, JavaScript, HTML, CSS, Sass

Frameworks + Libraries:

Node.js, Express, Jest, React, bcrypt

Databases:

PostgreSQL, MongoDB

Software:

Visual Studio Code, GitHub Desktop,

Adobe Suite, Microsoft Office

ACCOMPLISHMENTS (AND A LITTLE ABOUT ME)

Sudoku, puzzles and crochet are three of my favourite things. I heard they all tie in well with coding, so I figured “Why not?!” and applied at the Australian Institute of Technology for their Coding Bootcamp.

There, I was awarded the 2023 Diversity Scholarship for my Diploma of IT. I graduated in December 2023 with High Distinction scores across the board, which I’m super proud of.

Learning to code last year was admittedly harder than I expected. However, it has also been immensely more satisfying than I anticipated it would be. I know I’m only beginning, but I’m excited.

I am also a proud ambassador for Aviatrix Australia, a community that aims to empower and support female pilots. Honestly, I feel both privileged and humbled to have the opportunity with both aviation and STEM.

As a commercial helicopter pilot who is also entrusted to legally marry people, I can handle expensive machinery and big responsibility with an eye for details and people skills.

Further to that, I was also raised to always give the best that I can, work hard, and live in gratitude, leaving the world a better place. It’s my sincere hope that that will always be my legacy.

PERSONAL ATTRIBUTES

Driven, adaptable, and reliable

Fast learner with a tenaciously strong work ethic

Critical thinker / problem solver

Creative and curious minded

Self motivated; bordering on slight overachiever

WORK HISTORY

CHARTER PILOT

HAMILTON ISLAND AIR | October - December 2023

Yes, I flew helicopters around the Whitsundays as a full time job. I know I'm blessed!

WEDDING CELEBRANT

REGISTERED MARRIAGE CELEBRANT | October 2019 - ongoing

I can legally marry people! It's a fun side gig!

PILOT + OPERATIONS

BEKAA AIR | December 2021 - October 2023

We didn't have a receptionist or dedicated operations team, with only three of us running the entire show (including our Chief Pilot).

So, on top of flying our scenics/transfers/full day pub and winery tours/aerial photography/etc, my partner Purav and I also juggled all phone calls and emails, custom quote requests, landing permissions, building venue partnerships, social media marketing, assisting with website/brochure designs, and more - it was a full plate, but a good one.

OPERATIONS COORDINATOR AND CHARTER PILOT

TOWNSVILLE HELICOPTERS & ZEPHAIR AUSTRALIA | July 2020 - October 2021

Basically the Operations Manager without the 'manager' badge.

Here, I ensured the background running of the aviation business continued smoothly, as well as flying scenics, charter, and ferry flights in between. This position covered a wide range of requirements and responsibilities and put me through many challenges: liaising with clients, setting up quoting and charter work, invoicing, editing company manuals, ensuring compliance with permits and authorisations.

BAR ATTENDANT AND TRIVIA HOST

LENNOX HEAD HOTEL | November 2015 - April 2019

Not only did I pour the best schooner in the pub and was everyone's favourite local trivia host, I also filled in for management, with banking and bookwork for the entire establishment: bar, pokies, gaming, bottle shop, restaurant.

PARKING OFFICER

LISMORE CITY COUNCIL | January - July 2018

I would like to address that I did do this as a 'fill in' job between travels, and I am not one of those typical uncompromising/sadist parking inspectors. This role took a high level of people skills, empathy, discernment and common sense. (Plus, working with council is not as bad as I would have previously imagined). It was a highly demanding role, and I was pleasantly surprised to find that I loved the challenge.

OTHER PREVIOUS ROLES

LEARN TO SWIM INSTRUCTOR, GOONELLABAH SWIM AND AQUATIC CENTRE | Dec. 2017 - April 2018

BAR ATTENDANT, ENGADINE TAVERN | Oct. 2014 - July 2015

INDEPENDENT SALES CONSULTANT, ISAGENIX | June 2009 - Dec. 2013

GENERAL EXPERIENCE SAILOR, ROYAL AUSTRALIAN NAVY | Aug. 2009 - Aug. 2010

CREW CHIEF, ENGADINE McDONALDS | Oct. 2005 - March 2009
